BASE REALIGNMENT AND CLOSURE ARMY OVERVIEW

The following are general points related to the information arrayed in this budget submission:

- No military End Strength savings are shown in this plan. Those savings are taken in the Army's end strength reductions.
- Dollar savings reflected in this budget represent the savings resulting from BRAC 93 that were not taken in previous budget adjustments. The savings listed herein were used to offset high priority unfunded issues in the Army's future year programs, and are not available for subsequent program adjustments. MCA savings include projects appropriated and subsequently rescinded by the Congress as a result of BRAC 93 recommendations. Negative savings, i.e. recurring costs, are provided for the Sixth U.S. Army Headquarters to remain on the Presidio of San Francisco.
- Funding for BRAC 93 environmental restoration is programmed and budgeted in the BRAC III Base Closure Account (BCA). BRAC 93 environmental restoration action plans include all BCA-funded environmental restoration projects at the three locations where property will be declared excess. The Army implemented the fast track clean-up at all BRAC 93 installations by establishing Restoration Advisory Boards (RABs) and completing Community Environmental Response Facilitation Act (CERFA) reports.

I. Fiscal Year 1994: The Army's initial implementation year is funded at \$36.4 million. These funds allowed the Army to initiate planning and design for all BRAC 93 construction projects and award the construction project at Letterkenny Army Depot in support of missile maintenance consolidation. The Army also initiated enhanced preliminary assessments for environmental restoration at all closure and realignment installations, and National Environmental Policy Act (NEPA) analyses to support planned unit moves and disposal of real property. The \$36.4 million includes \$6 million of Navy and Air Force Defense State Memorandum of Agreement (DSMOA) funding for which the Army acts as executive agent.

A. MAJOR EVENTS SCHEDULE.

1. Construction. The Army awarded the construction contract in support of missile maintenance consolidation at Letterkenny Army Depot. Planning and design began for all other BRAC 93 construction projects.

**BASE REALIGNMENT AND CLOSURE
ARMY OVERVIEW
(Continued)**

2. Moves. Major unit moves include:

a. The tri-service missile maintenance functions will move by missile system to Letterkenny Army Depot beginning in FY 94 and continuing through FY 97.

b. Eleven business areas formerly managed within the Belvoir RD&E Center were realigned; six to the Communications-Electronics Command in place at Fort Belvoir, and five to the Tank-Automotive Command at the Detroit Arsenal (currently realigned in place - projected move to Detroit Arsenal in FY 97).

c. Initiated the relocation of the HQ CECOM and staff elements located in leased facilities onto Main Post Fort Monmouth, NJ.

d. The Systems Integration Management Activity (SIMA-East) function will remain at Letterkenny Army Depot rather than relocating to Rock Island Arsenal, IL as recommended by the BRAC 91 Commission.

e. The Sixth U.S. Army Headquarters will remain on the Presidio of San Francisco, CA rather than move to Fort Carson as recommended by the BRAC I Commission.

f. The materiel management functions of the Army's Armament, Munitions, and Chemical Command (AMCCOM) will remain at Rock Island Arsenal, IL rather than move to Redstone Arsenal as recommended by the BRAC 91 Commission.

B. BASE CLOSURE ACCOUNT BUDGET REQUEST. \$36.4 million.

C. Mission Impacts. Planned actions will have no adverse impact on the missions of affected organizations.

D. CONJUNCTIVELY FUNDED PROJECTS. None.

II. Fiscal Year 1995:

A. MAJOR EVENTS SCHEDULE.

1. Construction. The planning and design phase of construction is scheduled for completion during FY 95. The majority of the BRAC 93 construction projects are scheduled for award in FY 95. Projects at Fort Monmouth, Fort Jackson, Tobyhanna Army Depot (TOAD), and Letterkenny Army Depot (LEAD) represent the major efforts.

2. Moves. Major unit moves include:

a. Relocation of the wholesale supply function of the Intelligence Materiel Management Center (IMMC) from Vint Hill Farms Station to the TOAD and the Defense Logistics Agency, Tobyhanna, PA.

b. Relocation of core maintenance from Tooele Army Depot, UT to Red River Army Depot, TX.

B. BASE CLOSURE ACCOUNT BUDGET REQUEST. \$113.8 million.

C. Mission Impacts. Planned actions will have no adverse impact on the missions of affected organizations.

D. CONJUNCTIVELY FUNDED PROJECTS. None.

III. Fiscal Year 1996:

A. MAJOR EVENTS SCHEDULE.

1. Construction. The majority of the BRAC 93 construction projects are ongoing in FY 96. The final BRAC 93 projects are scheduled for award at Fort Belvoir, and Detroit Arsenal.

2. Moves. Major unit moves include:

a. Relocation of staff functions of the U.S. Army Communications-Electronics Command and the Program Executive Officer-Intelligence and Electronic Warfare (PEO-IEW) from Vint Hill Farms Station to Fort Monmouth, NJ.

**BASE REALIGNMENT AND CLOSURE

b. Relocation of the U.S. Army Chaplain Center and School from Fort Monmouth, NJ to Fort Jackson, SC.

c. Relocation of the Intelligence and Electronic Warfare Directorate from Vint Hill Farms Station to Fort Monmouth, NJ.

B. BASE CLOSURE ACCOUNT BUDGET REQUEST. \$123.4 million.

C. Mission Impacts. Planned actions will have no adverse impact on the missions of affected organizations.

D. CONJUNCTIVELY FUNDED PROJECTS. None.

IV. Fiscal Year 1997:

A. MAJOR EVENTS SCHEDULE.

1. Construction. The majority of construction projects should be completed by the end of FY 97.

2. Moves. Major unit moves include:

a. Relocation of the Operational Security Evaluation Group (OSEG) functions from Vint Hill Farms Station to Fort Meade, MD.

b. Complete the relocation of the HQ CECOM and staff elements located in leased facilities, and at Evans sub-post onto Main Post Fort Monmouth, NJ.

c. Complete the relocation of the five business areas from the Belvoir RD&E Center to Detroit Arsenal

B. BASE CLOSURE ACCOUNT BUDGET REQUEST. \$26.6 million.

C. Mission Impacts. Planned actions will have no adverse impact on the missions of affected organizations.

D. CONJUNCTIVELY FUNDED PROJECTS. None.

IV. Fiscal Year 1998 and 1999:

A. MAJOR EVENTS SCHEDULE.

1. Construction. Complete.

2. Moves. Complete the movement of the DLA supply mission from Tooele Army Depot to various defense depots as determined by DLA based on operational and cost efficiencies.

B. BASE CLOSURE ACCOUNT BUDGET REQUEST. \$23.3 million in FY 98.

C. Mission Impacts. Planned actions will have no adverse impact on the missions of affected organizations.

D. CONJUNCTIVELY FUNDED PROJECTS. None.

PACKAGE DESCRIPTION**

Army/Location/Package: Army/Pennsylvania, California, Alabama, Texas, Virginia, Utah/Letterkenny Army Depot

Realignment Package: Letterkenny Army Depot (LEAD) will remain open. Consolidate the tri-service tactical missile maintenance at the depot as originally planned by the DOD in the Tactical Missile Maintenance Consolidation Plan for Letterkenny Army Depot, 31 JAN 92 (revised on 30 APR 1992). In addition, realign the tactical-missile maintenance workload from the Marine Corps Logistics Base, Barstow, CA to Letterkenny Army Depot. Retain artillery workload at Letterkenny along with the conventional ammunition storage mission and the TMDE mission. Retain SIMA-E and the Information Processing Center at LEAD until the Defense Information Systems Agency (DISA) review is completed under DMRD 918.

Operation and Maintenance: Includes costs outlined in the Missile Maintenance Consolidation Plan (April 1992) that are defined as Army funding responsibility. The Navy and Air Force are funding selected costs in the transition of their systems as defined in the April 1992 plan. The Army budget includes Army civilian severance pay and civilian PCS costs for all civilians selected for reassignment to LEAD. Also includes costs of establishing the missile maintenance capability at LEAD in support of Army systems to include training and demonstration/validation. In addition, costs cover the transfer of government equipment and inventory that support Army missile systems to LEAD.

Military Personnel: None.

Other: Purchase of IMA equipment in support of MILCON and specialized missile maintenance support equipment that cannot transfer from current locations.

Revenues from Land Sales: Current plans to consolidate missile maintenance at LEAD do not include excessing real property at LEAD.

Savings:

Military Construction: None.

Family Housing Construction: None

Family Housing Operations: None

Operation and Maintenance: Elimination of 150 spaces from current Army missile maintenance locations, with the consolidation of missile maintenance operations at LEAD.

Military Personnel: None.

Other: None.

Environmental:

Letterkenny Army Depot: The Army does not plan to excess any real property at LEAD. Environmental analysis of the consolidation of missile maintenance activities at LEAD will be supported by an environmental assessment.

PACKAGE DESCRIPTION**

Army/Location/Package: Army/Utah, Pennsylvania, Texas/Tooele Army Depot

Realignment Package: Realign Tooele Army Depot (TEAD) to a depot activity under the command and control of Red River Army Depot (RRAD). Retain the conventional ammunition and chemical demilitarization mission. Realign the core maintenance functions and associated workload to Tobyhanna and Red River Depots. The non-core maintenance will be competed in the private sector and moved to a contract support operation in a competitive environment. The portion of the depot not associated with the remaining mission will be inactivated, transferred, or eliminated, as appropriate. Realign remaining supplies from Pueblo Depot Activity to other depots in lieu of Tooele Army Depot as previously directed by the 1988 Commission.

Environmental:

The Army has initiated the effort to conduct an Environmental Impact Statement (EIS) for those parcels which are excess under the BRAC realignment. This effort is scheduled for completion by January 1996. Upon completion of these studies, the Army will determine additional environmental actions and develop appropriate milestone schedules. All environmental activity based on BRAC realignment will complement the ongoing restoration efforts in the DERA program.

Environmental: An enhanced preliminary assessment of excess properties was completed in August 1994. This study will provide the basis for follow-up actions. Activities that cause environmental concerns include surface dumping, light industrial activities, and a small arms range. Remedial Investigation (RI/FS), Remedial Design, and Remedial Actions (RD/RA) will follow within the six-year base closure window. The RI/FS phase must be completed within 24-45 months after Congressional approval of BRAC 93 recommendations. RD/RA will proceed as required to include interim remedial actions.

The Army has awarded a contract to conduct an Enhanced Preliminary Assessment (PA) to include requirements in the Community Environmental Response Facilitation Act (CERFA). This effort will provide preliminary data on all areas requiring environmental evaluation and determine requirements for remedial action. The enhanced PA completed in April 1994. The enhanced PA also includes the identification of real property with no history of contamination in accordance with the CERFA. Site investigations are ongoing to confirm the status of certain parcels with a projected completion date of June 95. Remedial design/Feasibility studies will begin on several contaminated sites during FY95
